

INVITATION LETTER

Dear Friends,

The 4th Kolkata Liver Meeting is going to be held on 15th & 16th December 2012, at the Taj Bengal Hotel, Kolkata. With the burgeoning problems of obesity and diabetes in both the developed and developing world, the theme of this meeting will be NAFLD/NASH: Indo-European Summit.

In the light of the successes of previous Kolkata Liver Meetings, it is expected that hepatologists, endocrinologists, primary health care providers as well as representatives of health agencies, drug development agencies & scientific societies will find interest in the Meeting. The Programme is designed in such a way as to benefit practicing clinicians, academicians as well as basic researchers. Global luminaries in the field are going to address & discuss on different Topics.

Like previous years, we expect your active participation.
Looking forward to seeing you at Kolkata Liver Meeting, 2012.

Vlad Ratzu

Université Pierre et Marie Curie,
Hospital Pitie Salpêtrière, Paris, France.

Abhijit Chowdhury

Secretary,
Liver Foundation, West Bengal.

SUMMIT OBJECTIVES

- ▲ Provide a global understanding of the reality & presentation of NAFLD/NASH outside the developed countries.
- ▲ Explore & compare challenges of diagnosis and management at the public health level in the East and the West.
- ▲ Discuss ways to increase awareness of NAFLD among health care providers, and health care deciders (health ministry, third party payers, drug agencies) in the developing & developed world.
- ▲ Share experiences in creating collaborative research networks and specifically explore the contribution of Scientific societies in disseminating knowledge, increasing awareness & impacting clinical practice.
